## **CRP artists in residency take lead renewing Funktown Arts District (Community Voices)**

14 Sep 2011

For the past two weeks, CRP Albuquerque artists, Release, Bryan and Tosh, have been participating in the CRP Bay Area Artist in Residency program.

During this time, they led the completion of the updates to the mural on the Parkway Theater, painted two electrical boxes in the area and were commissioned to do two signs in the neighborhood, as well. The new blood was inspiration for the collective.

Mike 360, Dora, Desi, Beats and Pancho all came out to participate in the project, which also consisted of redoing a defaced door on the union hall and restoring the rejuvenation mural on the corner.

Earlier in the week, Pancho Pescador returned to add his butterfly stencils to the Parkway, which completed the project.
